IPM statement

It is the goal of Colton Joint Unified School District to implement IPM by focusing on long-term prevention or suppression of pests through accurate pest identification, by frequent monitoring for pest presence, by applying appropriate action levels, and by making the habitat less conducive to pests using sanitation and mechanical and physical controls. Pesticides that are effective will be used in a manner that minimizes risks to people, property, and the environment, and only after other options have been shown ineffective.

Our pest management objectives are to: *(Example: Focus on long-term pest prevention)*

Our goal is to maintain our district as pest free as possible and reduce the amount of pesticides used per year by implementing a full IPM program.

IPM team

In addition to the IPM Coordinator, other individuals who are involved in purchasing, making IPM decisions, applying pesticides, and complying with the Healthy Schools Act requirements, include:

Name and/or Title	Role in IPM program
Interrgrated Pest Control Management Inc.	Advise and treat our facilities monthly
Quality Commerical Pest Control Inc.	Termites
Wildlife Control Services Inc	Gopher and geound squirrel treatment monthly
Animal Pest Management Services Inc.	Trapping skunk and opossum as needed
Grounds Perssonnel	Weed Abatement

Pest management contracting

- Pest management services are contracted to a licensed pest control business.
Pest Control Business name(s): IPCM, QCPC, WCS, & APMS
- Prior to entering into a contract, the school district has confirmed that the pest control business understands the training requirement and other requirements of the Healthy Schools Act.

Pest identification, monitoring and inspection

Pest Identification is done by: Pest control business

(Example: College/University staff, Pest Control Business, etc.)

Monitoring and inspecting for pests and conditions that lead to pest problems are done regularly by IPCM and results are communicated to the IPM Coordinator.

(Example: District staff title, e.g. Maintenance staff)

Specific information about monitoring and inspecting for pests, such as locations, times, or techniques include:

(Example: Sticky monitoring boards are placed in the kitchen and are checked weekly by custodial staff.)

Monthly pest control services include inspections and monitoring of kitchens, storage rooms, staff lunch rooms, MPR, and main offices. Two termador section treatment per year for ants . Also dewebbing of spider webs and treatment when needed.

Pests and non-chemical management practices

This school district has identified the following pests and routinely uses the following non-chemical practices to prevent pests from reaching the action level:
